COMPANY OVERVIEW FOR PRESS AND PARTNERS

WHO WE ARE

Priveamed Global Pvt Ltd is an Indian company based in Gurgaon. We are the company behind Privea Healthcare Portal™, a platform that helps international patients find hospitals and doctors in Delhi NCR, ask for private quotes and plan their journey.

OUR FIRST PRODUCT: PRIVEA HEALTHCARE PORTAL™

- International patients discover hospitals and doctors in Delhi NCR.
- A patient can ask the providers they choose for a private quote and compare the replies.
- Free for patients. Free for hospitals and other providers to list.
- We check provider credentials and accreditations.
- Launching soon.
- Founding providers are invited to be listed when the Portal launches.

WHY WE STARTED

Travelling abroad for medical care is hard enough without not knowing who to trust. Patients often cannot check a hospital's credentials before they commit, and hospitals have no simple, fair way to reach patients in other countries. Priveamed Global was started to help with that.
